The site is just about where i want it to be and we are ready to start registering members. Click on the register link in the login module on the left. Registration is not automatic so there will be a delay between the time that you register and when I approve the registration. This is so that we can control who has access to the site. As families register, I will create an album in the gallery for each family and give each member in the family full rights to that album.

Please let me know as you have questions or requests.
